## BELL IS HERE

And Wishes to Meet All the Perrysburg People.

Yes, Bell is here! Bell who? Why, Bell, the Indian, or the Indian Bell—as you like it.

And the Indian Bell will hold a reception at the Civic Association rooms on Saturday night, July 8, from 7:30 until 11 p. m. with ice cream and cake for trimmings.

But the Bell will expect to receive a jitney from every person who is admitted to the special apartment set aside for its resting place, and an additional "jit" will be asked for those who wish to tap the bell to hear its charming tone.

The ice cream and cake will reduce your exchequer to the amount of "two-bits," "five-jits" or the one-fourth part of an American silver cart wheel, which will include a look and a tap at the bell.

The reception is under the direction of the Ladies of the Civic association. Everybody should come.

The money obtained will be used for providing a permanent home for the historic instrument whose delightful tones once charmed the savage breasts that peopled this village.

CHAS. T. EGGLESTON

The subject of this sketch was born in Ross township, Wood county forty-seven years ago, where he has since resided, he is a farmer and business man and is a supporter of things progressive along practical lines; he is, and always has been a Republican, having served on the central committee for a period of fourteen years; while acting on his own convictions, he is willing to give due respect to the opinion of those who differ; owing to the lateness of his announced candidacy he may be unable to visit as many voters as a thorough canvasser would require, but hopes for the consideration and support of the Republicans of Wood county for the nomination of county commissioner.—Advertisement.

## SEED WHEAT

Especially Promising Is Yield Supplied By Experiment Station.

Selection of wheat varieties that have been especially promising in yield, stiffness of straw and baking qualities, have been developed at the Ohio Experiment Station for many years and will be offered to farmers in the state at a nominal cost for seeding this fall. These selections include some from Gypsy, Poole, Fultz and other standard varieties. Requests from them should be addressed to the Experiment Station at Wooster.

Farmers receiving this wheat are expected to report yields from it and from their own variety seeded at the same rate and on an equal area as that received from the Station.

### WON AND LOST.

Perrysburg Played Two Games and Divided the Honors.

Perrysburg defeated the fast Clark Semi-Pros. of Toledo in eleven innings, 2 to 1, Sunday afternoon. The game was exciting and marked by good pitching, fielding and hitting by both teams. The first score was made in the sixth by the Clark's.

The features of the game was the hitting of Hoffmaster, getting three, the pitching of Engle and the all-round playing of the Clark's.

### PERRYSBURG LOST.

For the first time in history Maumee downed the Perrysburg crew in a poorly played game, 8 to 3, on the Fourth of July afternoon at Maumee. The game was going along nicely until Pringle got hurt, and left Perrysburg without a catcher. Notage did the best he could behind the bat, but he could not handle Engle's offerings. Maumee got away with everything and easily won.

Batteries—Perrysburg, Engle and Pringle, Notage; Maumee, Krebs and Hill.

Next Sunday the Future Base Ball club will be the attraction. Each team has won a game and there is good sport anticipated.

### THE HONOR ROLL.

Perrysburg's Roll of Honor, as shown by her citizens who have joined the colors, include the following names:

CAPT. GEORGE GREENHALGH  
PRIVATE FRANK MAHR.

The Journal will be thankful for the names of all men and boys from this locality who enter the service in any capacity.

## THE MEXICAN VOLCANO

Uncle Sam May Have a Hard Task on Hand.

The Mexican volcano is now in the most serious eruption that has ever been developed yet.

The United States government has shown its utmost patience and leniency in dealing with that unfortunate country, cursed as it has been with selfish, grafting and incompetent rulers. The limit of our patience has been reached and it would seem that the avoidance of war is well nigh impossible. In 1898, the peace-loving McKinley had confidently hoped to avoid a war with Spain until the battleship Maine was blown up, and after that event, he entertained but the slightest hope that war could be avoided between the two countries.

The attack last week on a small detachment of General Pershing's forces, is very likely to result in rendering war inevitable, just as the blowing up of the battleship Maine did in 1898.

As every well informed person knows Mexico has no munition factories of any consequence, nor has she the skilled workmen with which to either construct or operate them, and as all of her arms have been obtained from this country, which have now been cut off, and as our navy can easily blockade her coast, it will be seen that Mexico would be entirely at our mercy.

But war with Mexico may mean more than now appears. Regardless of her seemingly helpless condition, there may be other sources of supply for munitions and together with conditions of the country and the guerilla methods of warfare of her fighters, war with Mexico will not by any means be a game of ping pong.

### FAMILY REUNION.

The annual reunion of the Whitson family was held at the home of Mr. and Mrs. Charles Zingg near Lime City on Sunday last. There was no special program arranged, but everybody helped supply, prepare and dispose of a splendid dinner and otherwise enjoyed themselves.

The guests were: Horace Coy and family, W. A. Mandell and family, Henry Hitchcock and wife, Geo. Whitson and wife, Will Whitson and wife, Frank Swartz and family, August Swartz and wife, Bert Mandell and family, Roy Mandell and family, F. H. Tinney and wife, Isaac Whitson and wife.

Mr. and Mrs. Geo. Bauman entertained the following guests at a family reunion at their home near Dunbridge on July 4th: Mrs. S. Bauman (mother), of Toledo; Mr. and Mrs. Lou Bauman and son of Scotch Ridge; Mr. and Mrs. Christ Bauman of Lime City; Mr. and Mrs. Chas. Bauman and children, and friend, Miss Hauley of Walbridge; Mr. and Mrs. Carl Pringle and children of Lime City; Mr. and Mrs. Gus Bauman and daughters; Mr. and Mrs. John Miller and daughter; Mr. and Mrs. Wm. Scholl and son; Mr. and Mrs. Fred Vreeland and Mr. Mrs. Abbot Wiseman and children of Toledo; Mr. and Mrs. Geo. Vetter and children, and Mr. Alvin Phillips of Perrysburg. The event was the first reunion of the Bauman family and all relatives were present.

All welcome at these services.

## CIVIC ASSOCIATION

Attendance of Ladies Adds Class to the Meeting.

The special meeting of the Civic association last Thursday was attended by a large delegation, the majority of whom were ladies.

Vice Pres. Dr. Rheinfrank presided.

The ladies stated that they would not organize an auxiliary but would participate in the regular organization which announcement was received with applause of approval by the men.

In order that everybody in town might be given an opportunity to share in the expense of the coming Centennial celebration the ladies were invited to take up the matter of soliciting subscriptions to the funds and they promptly accepted the arduous responsibility and chose Mrs. Wm. Mills as the treasurer.

The question of participating in the Toledo Parade received but little encouragement and was finally dropped.

The Chautauqua for July 29, 30, 31 and August 1-2, was given a body should encourage the project body should encourage the project and help make it a success.

### VILLA CURRENCY

Mr. Pierce Norton has sent to the editor of the Journal a handful of Villista currency issued in 1915, of which Pierce says:

"Villista says this is as good money as anyone ever made."

Sorry we can't use the stuff, but it does seem good for a country editor to have so much money all at one time. It has such a rich "feel" to it.

### TRAVELING MAN'S EXPERIENCE

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. For sale by all dealers.

## REPUBLICAN SUCCESS

Assured by Indorsement of Hughes By Bull Moosers.

The indorsement of Mr. Hughes by the Bull-Moosers has now made Republican success practically certain. It is very likely that Mr. Hughes will poll about 90 per cent of the Progressive votes which Mr. Roosevelt received in 1912. This would mean the addition of about 3,700,000 votes to the Republican ticket which renders the success of the Republican ticket almost beyond doubt.

President Wilson's habit of writing notes to foreign countries instead of maintaining a vigorous foreign policy, as was the case when we had such Secretaries of State as Root, Knox and Hay; has so disgusted the country, that every thoughtful American citizen is eagerly looking forward to the time when our foreign affairs will again command the respect and fear of the civilized world as it did in the good old days when the Republican party ruled the country.

### U. S. ARMORED CARS.

Armored automobiles cradled on the decks of warships, in sea-going rafts, for use of detachments of the United States Marine Corps in shore operations, may soon be added to the regular equipment of naval vessels.

Experiments at the Boston navy yard a few days ago demonstrated that these indispensable cars can be stowed aboard by the means of electric cranes on war vessels, in a very few moments, and that the deck space they occupy is very little.

United States Marines found great need for armored cars in their recent operations in Mexico, Hayti and Santo Domingo, but the cars they used had to be shipped to them by regular naval transports.

### Will Sloan's Liniment Relieve Pain?

Try it and see—one application will prove more than a column of claims. James S. Ferguson, Phila., Pa., writes: "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at any Drug Store. 25c.—Adv.
